In the recent years, people more concern on eco environment and sustainable plantation. There are various entities for certification of forest management. The most popular certification system would be FSC & PEFC.

近年，大家逐漸重視地球的生態保護問題，維護森林資源也更受重視。國際上有不少森林認證，而當今較普及與盛行的兩大認證體系分別為：FSC及PEFC。

FSC is an international non-governmental organization that promotes responsible management of the world's forests. FSC是一個非政府、非營利組織，致力於促進全球社會責任的森林管理。

PEFC is an international non-governmental organization which promotes sustainable forest management through independent third party certification.

PEFC同樣為非政府、非牟利的國際組織，根據既定中立的準則去評估森林經營，以第三者驗證制度管控（包括木製品如家具紙品等），推動全球可持續森林管理發展，引進區域認證概念。

Both certifications are global, reliable with high standard assessment.

兩者均極具代表性，是同樣嚴謹的認證體系。

VIRJOY Hygiene Solutions is committed to the fundamental principal of the PEFC, and we take all reasonable measures to avoid sourcing wood-based raw materials (pulpwood, wood chips and wood pulp) linked to any of the following categories:
